RISK MANAGEMENT STRATEGIES

<p>Applicable to all Schemes other than DSPBRGF and DSPBRTBF</p>	<ul style="list-style-type: none"> • Market Liquidity Risk and Liquidity Risk on account of unlisted securities: The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity. The Investment Manager will select fixed income securities, which have or are expected to have high secondary market liquidity. There is good secondary market liquidity in government securities. As far as other long dated fixed income securities are concerned, the endeavour will be to invest in high quality names example bonds issued by public sector entities. Market Liquidity Risk will be managed actively within the portfolio liquidity limits. The first access to liquidity is through cash and fixed income securities. The investment in unlisted securities will be minimal and regularly monitored by the risk management team. • Credit Risk & Market Risk: Credit Risk & Market Risk associated with Fixed Income securities will be managed by making investments in securities issued by borrowers, which have a very good credit profile. The risk management team assigns limits for each of the issuer [other than government of India]; these limits are for the amount as well as maximum permissible tenor for each issuer. The credit process ensures that issuer level review is done at inception as well as periodically by taking into consideration the balance sheet and operating strength of the issuer. • Term Structure of Interest Rates (TSIR) Risk: The Investment Manager will endeavour to actively manage the duration based on the ensuing market conditions. • Credit Rating Risk: As the endeavour is to invest in high grade/quality securities, which are preferably rated AA+ or equivalent by rating agencies, the probability of rating downgrade is low. The due diligence performed by the risk management team before assigning credit limits should mitigate company-specific issues. • Re-investment Risk: Re-investment Risk is prevalent for fixed income securities but as these are all long duration schemes, the primary risk is on account of interest rate risk. The Investment Manager will endeavour that besides the tactical and/or strategic interest rate calls, the portfolio is fully invested.
<p>Applicable to DSPBRMMF & DSPBRSBF</p>	<ul style="list-style-type: none"> • Liquidity Risk on account of unquoted and unlisted securities and Market Liquidity Risk: The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity. The Investment Manager will select fixed income securities, which have or are expected to have high secondary market liquidity. There is good secondary market liquidity in government securities. As far as other fixed income securities are concerned, the endeavour will be to invest in certificates of deposits issued by high quality names like scheduled commercial banks. Market Liquidity Risk will be managed actively within the portfolio liquidity limits. The first access to liquidity is through cash and very short duration fixed income securities (including Collateralised Borrowing & Lending Obligation, also known as CBLLO). The investment in unlisted securities will be minimal and regularly monitored by the risk management team.
<p>Applicable to DSPBRMMF, DSPBRSBF, DSPBRFRF, DSPBRBF, DSPBRLF & DSPBRSTF</p>	<ul style="list-style-type: none"> • Risk associated with floating rate securities: The price discovery process in floating rate securities is very limited, which leads to restricted market liquidity as market participants are not able to price these securities properly. One of the main reasons for lack of price discovery is the valuation of basis risk embedded in these securities. Besides this the current guidelines for valuation of floating rate securities treat such securities at par with fixed income securities with the same terminal maturity. With this incremental investments in floating rate securities are going to be very limited. We have clearly defined limits in our internal fund management guidelines for investment in long term floating rate securities, which is monitored by the risk management team.
<p>Applicable to DSPBRGF and DSPBRTBF and Schemes which invest in Government Securities</p>	<ul style="list-style-type: none"> • Market Liquidity Risk with fixed rate Government securities: Amongst all the segments of the fixed income market in India, the government securities market demonstrates the highest market liquidity. The liquidity varies from security to security with benchmark securities for the reference tenors like 10 years, 5 years etc. showing relatively higher market liquidity. With time, the benchmark liquidity changes and hence liquidity propagates from one security to the other. The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity. The Investment Manager will select fixed income securities, which have or are expected to have high secondary market liquidity. • Interest Rate Risk associated with Government securities: Both DSPBRGF and DSPBRTBF are expected to have higher duration as they invest in longer dated securities. The Investment Manager will endeavour to actively manage the duration based on the ensuing market conditions. As the nature of the schemes is to higher duration, the interest rate risk cannot be eliminated and it exists as it is the primary feature of the scheme by providing investors access to a higher interest rate risk portfolio, which would benefit in a declining interest rate environment. • Risks associated with floating rate Government securities: Although floating rate government securities are expected to have lower interest rate risk, the lack of price discovery creates restricted market liquidity as market participants are not able to price these securities properly. One of the main reasons for lack of price discovery is the valuation of basis risk embedded in these securities. Besides this the current guidelines for valuation of floating rate securities treat such securities at par with fixed income securities with the same terminal maturity. With this incremental investments in floating rate securities are going to be very limited. We have clearly defined limits in our internal fund management guidelines for investment in long term floating rate securities, which is monitored by the risk management team.
<p>Applicable to DSPBRITF</p>	<ul style="list-style-type: none"> • Risks associated with companies operating in Infrastructure sector and/or where economic reforms are expected: This is the primary risk in the Scheme as the investment objective is to invest in companies operating in the infrastructure sector and/or where economic reforms are expected. As government policy defines both investments in the infrastructure sector as well as policy reforms, there exists a very high policy related risk. On its part, the endeavour would be to invest in companies, where adequate due diligence has been performed by the Investment Manager. Besides using research inputs from third party research companies, the Investment Manager will also rely on its own research. This involves one to one meetings with the management of companies, attending conferences and analyst meets and also tele-conferences. The company-wise analysis will focus, amongst others, on the historical and current financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know-how and transparency in corporate governance.
<p>Applicable to DSPBROF</p>	<ul style="list-style-type: none"> • Sector Concentration Risk: Sector Concentration Risk: In the case of DSPBROF, the investment objective is to have portfolio, which has high concentration in select sectors. The sector selection process of the Investment Manager will seek investments in sectors, where there is visibility in earnings. To mitigate excessive concentration in a sector, there are internal fund manager guidelines, which have maximum active/passive limits per sector and per stock vis- -vis the benchmark. However this cannot defuse the expected volatility in the returns. The investors need to be aware of the sector concentration risk as this is the investment objective of the Scheme.
<p>Applicable to DSPBRSMF</p>	<ul style="list-style-type: none"> • Risks associated with Small and Mid Cap companies: This is the primary risk in the Scheme as at least 65% of the NAV will be invested in companies, which are outside the top 100 companies by market capitalization. The Investment Manager endeavours to invest in companies, where adequate due diligence has been performed by the Investment Manager. As these companies are not very well researched by third party research companies, the Investment Manager relies on its own research. This involves one to one meetings with the management of companies, attending conferences and analyst meets and also tele-conferences. The company-wise analysis will focus, amongst others, on the historical and current financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know-how and transparency in corporate governance.
<p>Applicable to DSPBRTF</p>	<ul style="list-style-type: none"> • Technology, Media and Telecom Sector Concentration Risk: DSPBRTF has primary investment objective to invest in Technology, Media and Telecommunications sectors. Being a sector fund, it will have higher risk as compared to a diversified equity fund. Besides this, the allocation amongst the three sub-sectors will also influence the performance of the fund. The sector selection process of the Investment Manager will seek investments in sectors, where there is visibility in earnings. The Investment Manager will endeavour due diligence in the sector allocation and stock selection. The investors are informed that a pure sector fund will have high volatility. This risk cannot be defeased and is the primary feature of the Scheme. • Intellectual Property and Individual Risk in Technology, Media and Telecom Sectors: All the three sub-sector are new age sectors and are exposed to disruptive technologies as well as human resources risk. Most of these companies are operating in high growth areas where the future growth and expected scalability drives the price performance. The Investment Manager will focus on companies with strong managements, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know-how and transparency in corporate governance besides financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects and policy environment. The Investment Manager believes the good managements create good and sustainable companies and hence management quality will be a key differentiator.
<p>Applicable to DSPBRTEF</p>	<ul style="list-style-type: none"> • Risks associated with Large Cap companies: DSPBRTEF invests in companies which are amongst the top 100 companies by market capitalization. These companies are expected to have higher market liquidity and are very well researched by third party research houses. Our internal fund manager guidelines have maximum active/passive limits per sector and per stock vis- -vis the benchmark to mitigate excessive risk concentration. Being an equity oriented scheme, it has equity price risk, which cannot be defeased.

RISK MANAGEMENT STRATEGIES

<p>Applicable to DSPBRWGF, DSPBRWEF and DSPBRWMF</p>	<p>Risk associated with underlying schemes</p> <ul style="list-style-type: none"> • Credit Risk & Market Risk associated with Fixed Income securities will be managed by making investments for cash management purposes, in very short duration fixed income securities (including Collateralised Borrowing & Lending Obligation, also known as CBL), which have high credit quality and are preferably rated P1+ or equivalent by rating agencies like CRISIL, ICRA or Fitch. • Term Structure of Interest Rates (TSIR) Risk: Term Structure of Interest Rates (TSIR) Risk will be managed by making investments for cash management purposes, in very short duration fixed income securities (including Collateralised Borrowing & Lending Obligation, also known as CBL), which have low probability of negative returns on account of increase in interest rates. • Liquidity Risk on account of investments in international funds: The investments are made in international funds, which provide daily liquidity. However there exists a possibility that different settlement cycles and foreign exchange conversion could leads to delay in receipt of redemption proceeds. To mitigate this risk, daily cash management monitoring is performed by the risk management team by taking into consideration future cash flows on account of redemptions as well as subscriptions into/from the domestic fund. The endeavor is to maintain an adequate liquidity cushion in Indian Rupee terms by making investments in very short term money market instruments and/or liquid schemes in India. • Expense Risks associated with investments in international funds: Any increase in the expense structure of the international funds is not expected to have any impact as the aggregate of expenses incurred by the Indian Fund-of-Funds scheme and the underlying international funds is subject to limits prescribed by SEBI. • Portfolio Disclosure Risks associated with investments in international funds: Although full portfolio disclosure is not available at the end of each month, top ten holdings as well as sector holdings are made available at the end of each month for the international fund. Full portfolio holdings can be obtained from underlying international funds with a three month lag i.e. March portfolio can be obtained at the end of June. • Investment Policy and/or fundamental attribute change risks associated with investments in international funds: Investments are made in such international funds, which have similar investment objectives to the domestic fund in India. However there exists possibility that there is a change in the fundamental attributes of the international fund. In such circumstances, the Investment Manager will seek to invest in other international funds, which have the same investment objective as the domestic fund. • Risks associated with investments in BGF- WGF/BGF-NEF/BGF-WEF/BGF-WMF: To the extent of the investments in BGF-WGF, BGF-NEF, BGF-WEF and BGF-WMF by the respective Schemes, the risks of BGF-WGF, BGF-NEF, BGF-WEF and BGF-WMF respectively will exist. The investors should note that these risks cannot be defeased as these are international funds managed by BlackRock. However, as part of our due diligence, we have chosen funds, which have long term performance track record, stability of fund management team and are accredited by third party funds evaluators like S&P, Morningstar and OBSR.

<p>Risks associated with trading in derivatives (Applicable to all Schemes except DSPBRWGF, DSPBRWEF and DSPBRWMF)</p>	<ul style="list-style-type: none"> • Risk associated with Equity Derivatives: Equity derivatives have been used actively and we envisage this Scheme will also use equity derivatives, both for directional (including equitisation of cash) and yield enhancement strategies. The credit risk associated with equity derivatives is defeased as only exchange traded equity derivatives are permitted. On the performance, portfolio and regulatory limits, there is an established daily monitoring process. As limits could be breached because of changes in the open interest, which is a function of market-wide activity and not specific to the Scheme and are not in control, there are hard and soft limits. Due diligence performed by risk management team before assigning credit limits should mitigate company specific issues. • Re-Investment Risk: As fixed income securities invested into are of very short duration, the impact of this risk is low. • Risk Associated With Non – Diversification: The primary nature of the Scheme is to have high conviction portfolio and hence risk of investing in a non-diversified portfolio exists. The Investment Manager may endeavour to achieve diversification through non-similar stocks and/or factors that could impact the underlying portfolio. The internal fund management guidelines will have concentration limits to ensure at least 95% of the invested amount (excluding investments in debt securities, money market securities and cash and cash equivalents) across the top 25 holdings in the portfolio.

Investment Objective	Please refer to page no. 6		
Investment Strategy	The Investment Manager's primary goal is to seek to generate attractive returns over a long period while assuming prudent risk. It is the Investment Manager's belief that as the economy is progressively liberalised and foreign investment encouraged, the Indian Debt Market is expected to grow rapidly. The Investment Manager will invest only in those debt securities that are rated investment grade by a domestic credit rating agency such as CRISIL, ICRA, CARE etc. or in unrated debt securities, which the Investment Manager believes to be of equivalent quality. Where investment in unrated debt securities is sought to be made, specific approval of the Board of Directors of the AMC and Trustee shall be obtained prior to investment. In-house research by the Investment Manager will emphasise on credit analysis, in order to determine credit risk. The Investment Manager will also analyse various economic trends in seeking to determine the likely future course of interest rates.

DSP BLACKROCK STRATEGIC BOND FUND

Investment Objective	Please refer to page no. 6			
Investment Strategy	The Investment Manager's primary goal is to seek to generate optimal returns through active management of portfolio and concurrently ensuring a high degree of liquidity in the portfolio of the Scheme. The Scheme would normally invest in securities with longer residual maturity and is suitable for investors with long term investment horizon. It is expected that the duration of the portfolio shall not exceed 15 years under normal circumstances. The Scheme would look to invest in fixed rate securities of up to 30 years depending on the interest rate cycle and market conditions. The Scheme may review this pattern of investments based on views on the debt markets and asset liability management needs and the portfolio shall be reviewed and rebalanced on a regular basis.

DSP BLACKROCK INDIA T.I.G.E.R. FUND (THE INFRASTRUCTURE GROWTH AND ECONOMIC REFORMS FUND)

Investment Objective	Please refer to page no. 6			
Investment Strategy	It is the Investment Manager's belief that India's future GDP growth will be strongly influenced by the ongoing process of economic reforms. The economic reforms process involves structural changes in various sectors and companies. The primary objective of these initiatives is to accelerate the pace of investment and therefore attract investment capital. Increase in investment capital may result in significant value creation which could be reflected through increased corporate profits and better market capitalisation. The Mutual Fund seeks to capture this value creation potential. The government is also lining up significant spending on infrastructure, The fund will also focus on companies/sectors which will benefit from these unprecedented investments. The Investment Manager will be adopting a combination of the top down approach and bottom up stock selection approach. From a top down perspective, the focus would be on an analysis of key policy changes, infrastructure spending, economic trends, and a sector-wise impact assessment. From a bottom up perspective, the focus would be on an analysis of corporate profitability and the impact of policy changes and infrastructure spending at a micro-level. The Investment Manager will conduct in-house research in order to identify both value and growth stocks. The analysis will focus, among other things, on industry and company fundamentals and valuation metrics. The quality or strength or management would be a key focus area.

DSP BLACKROCK MICRO CAP FUND

Investment Objective	Please refer to page no. 6			
Investment Strategy	The Investment Manager will use a disciplined quantitative analysis of financial operating statistics. In picking out individual investment opportunities for the portfolio, among the defined universe eligible for investment, the Investment Manager will seek both value and growth. Value is discerned when the Investment Manager believes that the long term growth potential of a company is not fully reflected in the market price of the company's securities and which potential it seeks to better every year capitalising on its various strengths, which could mean strong brand equity, growing market share, strong management and technological excellence, among others. For detailed note on Investment Strategy, please refer the SID.

DSP BLACKROCK FOCUS 25 FUND

Investment Objective	Please refer to page no. 6		
Investment Strategy	The primary investment objective of the Scheme is to generate long-term capital growth from a portfolio of equity and equity-related securities including equity derivatives. The portfolio will largely consist of companies, which are amongst the top 200 companies by market capitalisation. The portfolio will limit exposure to companies beyond the top 200 companies by market capitalization upto 20% of the net asset value. The Scheme will normally hold equity and equity-related securities including equity derivatives, of upto 25 companies. Further, the Scheme will also have at least 95% of the invested amount (excluding investments in debt securities, money market securities and cash and cash equivalents) across the top 25 holdings in the portfolio. The Scheme may also invest in debt and money market securities, for defensive considerations and/or for managing liquidity requirements. There can be no assurance that the investment objective of the Scheme will be realized.

The Scheme will also have at least 95% of the invested amount (excluding investments in debt securities, money market securities and cash and cash equivalents) across the top 25 holdings in the portfolio.		
	In the event of any deviations below the minimum limits or beyond the maximum limits, a review and rebalancing of the asset allocation will be called for by the Fund Manager within 30 days from the date of the said deviation. Such changes in the investment pattern will be for a short term and for defensive considerations and the intention being at all times to seek to protect the interests of the Unit Holders. Total gross derivative exposure, investment in equity and equity related securities and investment in debt and money market securities in the scheme shall not exceed 100% of the net assets of the scheme. However, security wise hedge position will not be considered in calculating the above exposure.

1. Please refer the SID, SAI and Key Information Memorandum, Addenda issued from time to time and our website www.dspblackrock.com for instructions, terms and conditions, Applicable NAV, Risk Factors, load and other information, various requirements of the respective Scheme / Plan before investing. It is deemed that the investor has agreed to all the terms and conditions as prevailing on the date of the application and investment.
2. This facility is only offered to those investors having bank accounts in select cities and with banks as mentioned above. The list of cities, banks and branches may be modified/updated/changed/removed at any time in future at the discretion of the AMC without assigning any reasons or prior notice. If the SIP auto debit facility is discontinued in a city for any reason, SIP instructions for investors in such city via ECS (Debit) route/Direct debit/SI may be discontinued without prior notice.
3. PAN is mandatory for all investors. However, investments through Micro SIPs, i.e. where aggregate of installments per year per investor does not exceed Rs. 50,000, will be exempt from the requirement of PAN. Such investors must submit a valid and self attested standard photo identification and address proof documents in lieu of PAN. List of acceptable documents are available with the ISCs of the AMC/Registrar. If the identification document is not in order, or registration of SIP results in aggregate of the SIP investments exceeding Rs. 50,000 per investor per year, the SIP will be rejected.
4. If SIP application form and cheque is submitted with bank details of a city where the Mutual Fund does not provide auto debit facility, first SIP cheque may get processed. However, future debits may not happen and SIP instruction may get rejected.
5. In case of rejection of SIP form for any reason whatsoever, the Mutual Fund will not entertain any request for refund of proceeds of first cheque which is already processed. Investors will have to redeem the units allotted through first cheque at applicable NAV.
6. To avail of SIP in separate schemes/plans via debit facility, an investor will have to fill a separate form for each scheme/plan. A single form cannot be used for different schemes simultaneously and may be rejected. Facility to register multiple SIP with similar details, i.e. same folio, same scheme, same amount, same date and same auto debit bank mandate is not available due to system constraints in ECS (Debit) as well with some of the banks offering standing instructions/direct debit.
7. Complete application form and SIP debit form along with the first cheque [drawn on the same bank account which is to be registered for ECS Debit/Direct Debit / Standing Instruction] should be submitted to the Mutual Fund or the Registrar. AMC reserves the right to reject any application without assigning any reason thereof. Incorrect, incomplete or ambiguous forms will not be accepted and will be returned to the investor within 20 days via normal post.
8. Existing Investors are required to submit the SIP debit form, indicating the existing Account Number and investment details in the SIP section of this form.
9. In case the first cheque is issued from a different bank account or is a demand draft or in case of renewal of SIP debit, then investors should attach a cancelled cheque or a copy of the cheque pertaining to the bank account which is to be registered for ECS Debit/direct debit / standing instruction. Alternatively, investors can also get the bank account mentioned on the form certified from their banker with the bank seal.
10. It will take a minimum of one month for registration with the bank and hence the first debit will be carried out only after one month, on the SIP start date mentioned on the form.
11. The SIP period should cover minimum 12 installments (6 in case of DSPBR Tax Saver Fund), whether monthly or quarterly. The Mutual Fund and the Registrar reserve the right to modify the SIP period depending on the one month period for registration and to ensure minimum installments, even if the investor has submitted the form late or requested for a period less than minimum installments.
12. If no start date is specified, SIP will be registered to start from a period after 30 days on the SIP date as available / mentioned. If no end date is specified or in the absence of SIP end date, SIP will be registered till December 2040.
13. The investor agrees to abide by the terms and conditions of ECS facility of the Reserve Bank of India (RBI) as applicable at the time of investment and as may be modified from time to time at a later stage.
14. The investor undertakes to keep sufficient funds in the funding account till the date of execution of standing instruction. The investor hereby declares that the particulars provided are correct and complete. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information or due to any reason by the investor's banker, the investor would not hold the Mutual Fund or the Bank responsible. If the date of debit to the investor's account happens to be a non Business Day as per the Mutual Fund, execution of the ECS Debit / Direct Debit / SI may happen on non business and allotment of Units will happen as per the terms and conditions listed in the SID, SAI, KIM and all relevant Addenda of the scheme concerned.
15. The Mutual Fund, its Registrars, Direct Debit Banks and other service providers shall not be liable for, nor be in default by reason of, any failure or delay in completion of its obligation under this agreement, where such failure or delay is caused, in whole or in part, by any acts of God, civil war, civil commotion, riots, strike, mutiny, revolution, fire, flood, fog, war, lightning, earthquake, change of Government policies, unavailability of bank's computer system, force majeure events, or any other cause of peril which is beyond their reasonable control and which has the effect of preventing the performance of contract by them.
16. **The Mutual Fund, AMC, its Registrars, Banks and other service providers shall not be liable for any late registration of SIP with the bank for whatsoever reason or rejection of SIP registration with the bank with or without any reason, and will not be liable for any transactions not processed or reversed or rejected till the registration is successful.**
17. For change in bank mandate, the SIP dates and the amount will not be considered even if mentioned. The SIP amount and the SIP tenure will remain the same as provided at the time of initial registration.
18. For the purpose of SIP investments, the investor and/or bank account holders authorizes AMC, its registrars, bankers, correspondent bankers and service providers, to raise a debit on the mentioned account with the bank branch. The investor and/or bank account holders hereby authorizes the bank to honor all such requests received through AMC, its registrars, bankers and service providers to debit their Account with the amount requested, for due remittance of the proceeds to AMC.
The investor/s or the bank account holders shall not dispute or challenge any debit, raised under this mandate, on any ground whatsoever. Investors will not have any claim against the AMC, service providers, bankers, correspondent bankers and service providers in respect of the amount so debited pursuant to the mandate submitted by the investor/account holder. Investor/s and/or the bank account holders shall keep the AMC, its Registrar, bankers, correspondent bankers and other service providers, jointly and or severally indemnified, from time to time, against all claims, actions, suits, for any loss, damage, costs, charges and expenses incurred by them, by reason of their acting upon the instructions issued by the named authorized signatories / beneficiaries. This request for debit mandate is valid and may be revoked only through a written letter from the investor submitted atleast one month in advance withdrawing the mandate signed by the authorized signatories / beneficiaries and acknowledged at AMC/registrar/bank counters and giving reasonable notice to effect such withdrawal.
19. To modify SIP debit bank mandate, the investor may fill a separate form, viz., "Change of Payment Mechanism form" which is available at all the offices of the Mutual Fund. Instructions in any other form / manner are liable to be rejected.
20. This request for debit mandate is valid until it is revoked by the investor through a written SIP cancellation request in the designated form withdrawing the mandate signed by the authorized signatories / beneficiaries and acknowledged at bank counters. Such request must be submitted atleast one month prior to the due date of the next SIP, failing which SIP debit may be processed. If the cancellation/termination / withdrawal request is submitted to the AMC/Registrar, the customer agrees that it is an authority to the AMC/Registrar to instruct the debit bank on discontinuation of SI and Customer will not hold Bank responsible for any SI cancellation based on AMC instruction.
21. Investors agree that the AMC may discontinue the SIP facility for any investor / folio entirely at it's discretion and advise banks for SI cancellation in case one or more debits are rejected and funds not received for any reason.

INSTRUCTIONS

Please read carefully the Scheme Information Document (SID), Statement of Additional Information (SAI), Key Information Memorandum (KIM) and all relevant Addenda before filling up the application form. Investors are deemed to have read and accepted the terms, as prevailing on the date of application being accepted and units being allotted even if they are using an old application form, subject to which these offers are being made, and bind themselves to the terms upon signing the application form.

All applications will be accepted subject to verification. Invalid or incomplete applications are liable to be rejected after acceptance and verification, and information will be sent to the address by general post.

All documents required to be submitted with the application form or later, like power of attorney, etc. should be in English language or notarized translated copy in English language.

General Instructions

- a. This application form may be used by both resident and non-resident investors.
- b. The application form should be filled in English in BLOCK LETTERS and the applicants' names and address should be provided in full (P.O. Box No. alone is not sufficient). Please tick in the appropriate box , where boxes have been provided.
- c. Application forms that fall under any of the following categories are liable to be rejected and will not be returned to the customers. If applicable, the money paid will be refunded/returned without interest.
 - i. Application forms incomplete in any respect or where there is any over writing on the form without the applicant's counter signature.
 - ii. Application forms invalid / incomplete /ambiguous / without supporting documents in any respect.
 - iii. Application forms that are not accompanied by a payment instrument for the amount payable, such as a cheque or a demand draft, or an account-to-account transfer instruction to credit the account of DSP BlackRock Mutual Fund (Designated Account) on the same day.
 - iv. Application forms that the Trustee chooses to reject for any other reason determined at its sole discretion.
- d. No separate receipt will be issued for the application money. The bank / Investor Service Centre / Collection Centre will stamp and return the acknowledgement slip in the application form, to acknowledge receipt of the application, subject to verification.
- e. Irrespective of mode of holding, the sole/first-named holder will receive all account statements, dividend or redemption/refund warrants, and all other relevant correspondence.
- f. All allotments will be provisional, subject to realisation of payment instrument and subject to the AMC having been reasonably satisfied that the Mutual Fund has received clear funds. Any redemption or switch out transaction in the interim is liable to be rejected at the sole discretion of the AMC.
- g. Any subsequent changes in static information like address, bank details, dividend sub option etc. will be based on written communication from investors. These changes will be effected within 5 days of the valid signed request reaching the office of the Registrar at Chennai, and any interim financial transactions will be effected with last available/registered details only.
- h. **KYC & PAN Requirements:** PAN shall be the sole identification number and along with KYC compliance with CVL (CDSL Ventures Limited) is mandatory for all investors (including joint applicants, guardians, PoA holders and NRIs), irrespective of the amount of transaction.

Investors shall note that they need to comply with the Know Your Client (KYC) requirements, by submitting requisite documents to any Point of Service designated by CDSL Ventures Limited, getting and attaching the KYC acknowledgement with their purchase/SIP application. For more information, please log on to www.dspblackrock.com / www.cvllindia.com / www.amfiindia.com before investing.

Applications are liable to be rejected without any intimation to the applicants, if KYC requirements are not complied with by all the applicants and KYC acknowledgement is not enclosed with the purchase/SIP application.

Investors should further note that KYC applicability for various investor categories and threshold amount may change anytime in future. Hence, investors are requested to apprise themselves about KYC applicability before submitting their transactions to avoid rejections.

- i. Investments through Micro SIPs, i.e. where aggregate of installments per year per investor does not exceed Rs. 50,000, will be exempt from the requirement of PAN. Such investors must submit a valid and self attested standard photo identification and address proof document in lieu of PAN. List of acceptable documents are available with the ISCs of the AMC/Registrar. If the identification document is not in order, or registration of SIP results in aggregate of the SIP investments exceeding Rs. 50,000 per investor per year, the SIP will be rejected.
- j. Investors residing in the state of Sikkim are exempt from the mandatory requirement of PAN, provided they mention their Sikkim address on application form and provide a proof of such address, duly verified by bank managers or judicial authorities or ARN holders.
- k. If the investor wishes to invest directly, i.e. without involving the services of any agent or broker, DIRECT should be mentioned in the space provided for ARN Number. Any subsequent change / updation / removal of broker code will be based on the written request from the unitholders and will be on a prospective basis only from the date when the Registrar executes such written instruction.
- l. Investors should mandatorily use the application form/SIP debit form & SIP/SWP/STP form in the KIM booklet, and other standard forms available at the ISCs/www.dspblackrock.com, for any financial/non-financial transactions. Any transaction received in any non standard form, is liable to be rejected.
- m. Investors should provide details/instructions only in the space provided in the form. Any details/notings/information/instruction provided at a non designated area of the standard form being used, or any additional details, for which space is not designated in the standard form, may not be executed and the AMC will not be liable for the same.
- n. The AMC and its Registrar reserve the right to disclose the details of investors and

their transactions to third parties viz. banks, distributors from whom applications of investors are received and any other organization for the purpose of compliance with legal and regulatory requirements or for complying with anti-money laundering requirements.

1. First Applicants Details

- a. Applicants should fill in all details as requested in the relevant section. Name should be provided in full.
- b. If the applicant/s already has/have a folio with the Mutual Fund, the applicant should fill in the folio number, in order to invest in the same folio. Investment in the same folio will be possible only if the name(s) of the holder(s), the order of the holders, the mode of holding and the folio no. are the same and PAN/KYC details as required are updated/attached. The names of the holders, the mode of holding, etc., will remain as per the details available in the existing folio.
- c. Applicants should provide contact information such as correspondence address, telephone number/s and email address, status of first applicant and occupation. In the case of NRIs, overseas address should be provided. To receive communication at an Indian address, NRIs should separately communicate Indian address and their folio to the Mutual Fund.
- d. Applications under a Power of Attorney or by a limited company or a corporate body or an eligible institution or a registered society or a trust fund must be accompanied by the original Power of Attorney (or a duly certified true copy thereof) duly notarized, or the relevant resolution or authority to make the application (or duly certified copy thereof) as the case may be. All documents should be in English language or notarized translated copy in English language.
- e. For Investments On behalf of Minor : Where the investment is on behalf of minor by the guardian, please note the following important points.
 - The minor shall be the sole and only first holder in the account. Nomination facility is not available for applications/folios on behalf of a minor. Joint holders' details and nomination details, even if mentioned and signed will not be considered. Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian.
 - Details like minor's date of birth, Guardian's relation with Minor, Guardian name, PAN, KYC are mandatory, along with supporting documents. Photo copy of the document evidencing the date of birth of minor like U.I. Birth certificate of the minor, or ii. School leaving certificate / Mark sheet issued by Higher Secondary Board of respective states, ICSE, CBSE etc., or iii. Passport of the minor, or iv. Any other suitable proof should be attached with the application form.
 - Where the guardian is not a natural guardian (father or mother) and is a court appointed legal guardian, suitable supporting documentary evidence should be provided.
 - If the mandatory details and/or documents are not provided, the application is liable to be rejected without any information to the applicant.
- f. PIN Issuance Instructions: A secured PIN for internet/telephone transactions is issued at the request of applicant/investor subject to terms and conditions agreed by the applicant/investor and availability of mandatory information like Date of Birth/Date of Incorporation, Email id, Mobile number, PAN availability of all holders and Name of Guardian/Contact person (where applicable). Applicants who wish to receive a PIN should read the terms and conditions of the PIN facility in the relevant SID. A PIN will be mailed to the Unit Holder entirely at his/her/its own risk.

2. Joint Applicants Details

- a. Joint applicants must fill in all details as requested in section 2.
- b. PAN and KYC compliance is mandatory for all applicants, irrespective of mode of holding. For more details, please refer General Instruction (h).
- c. Applicants should specify the mode of holding. If the mode of holding is not specified or is ambiguous, the default option for such applications will be 'Joint'.
- d. In the case of joint holders, the first-named holder will receive all account statements, dividend or redemption/refund warrants, and all other relevant correspondence.

3. Bank Account Details/ Multiple Bank Accounts Registration

- a. To protect the interests of investors from fraudulent encashment of cheques and as per the SEBI Regulations, it is mandatory for all investors of mutual fund schemes to provide their bank mandate. Applications without the mandatory bank details are liable to be rejected.
- b. The investor agrees that the proceeds towards redemptions and dividends will be dispatched by a reasonable mode of despatch like courier, post, UCP, etc. in case of cheque/demand draft or directly credited to the bank account (as per the details mentioned by the investor) in case of using direct credit facility, RTGS or NEFT, entirely and solely at the risk of the investor. The investor will not hold the Mutual Fund or the AMC or the Registrar responsible for any non-receipt or delay of receipt of redemption & dividend proceeds due to any negligence or deficiency in service by the courier company, postal authorities or the bank executing direct credits/RTGS/NEFT, or due to incorrect bank account details provided by the investor.
- c. **Multiple Bank Accounts Registration Facility:** The fund offers its investors facility to register multiple bank accounts for pay-in & payout purposes and designate one of the bank account as Default Bank Account. This facility can be availed by using a designated Bank Accounts Registration Form. In case of new investors, the bank account mentioned on the purchase application form, used for opening the folio, will be treated as default bank account till the investor gives a separate request to register multiple bank accounts and change the default bank account to any of other registered bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all dividends and redemptions payouts including FMP schemes maturity proceeds unless investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds.

- d. Consequent to introduction of Multiple Bank Accounts Facility, the existing facility of redemption with change of bank mandate is discontinued by the fund. New bank accounts can only be registered using the designated Bank Accounts Registration Form. A new non-registered bank account specified in the specific redemption request for receiving redemption proceeds will not be considered.
- e. Bank Account Details with Redemption Request: Please note the following important points related to payment of redemption proceeds:
- Proceeds of any redemption request will be sent only to a bank account that is already registered and validated in the folio at the time of redemption transaction processing.
 - Unit holder(s) may choose to mention any of the existing registered bank accounts with redemption request for receiving redemption proceeds. If no registered bank account is mentioned, default bank account will be used.
 - If unit holder(s) provide a new and unregistered bank mandate with a specific redemption request (with or without necessary supporting documents) such bank account will not be considered for payment of redemption proceeds.
 - Any request without the above mentioned documents will be treated invalid and will not be acted upon and any financial transaction, including redemptions, will be carried with the previous details only. Valid change of bank mandate requests with supporting documents will be processed within ten days of documents reaching the head office of the Registrar and any financial transaction request received in the interim will be carried with previous details only.
4. **Investment and Payment Details**
- Investors should fill in the desired Plan / Option / Sub Option clearly in the space provided in the application form. In case the investor does not fill in the desired Plan / Option / Sub Option properly and clearly or in the case of incomplete details, lack of clarity or ambiguity, the default option will be considered and applied. The Fund will not entertain any request from Unit Holders for a change in Plan / Option / Sub Option after the application is accepted.
 - Any change in dividend sub option due to additional investment or customer request will be applicable to all existing Units in the dividend option of the scheme concerned.
 - Payments by cash, stock investments, credit cards, post-dated cheques (except through SIP), and post-dated account-to-account transfer instructions to credit the Designated Account will not be accepted.
 - Investors residing in locations where Investor Service Centres or Collection Centres are not located are requested to make payment by demand drafts. Demand draft charges for such investors will be borne by the AMC, subject to the standard demand draft charges, as charged by the State Bank of India, and the investors attaching proof of the charges.
 - The cheque or demand draft should be payable locally at the centre where the application is deposited, and should be drawn on any bank that is a member of the Bankers Clearing House.
 - The cheque or demand draft should be drawn in favour of DSP BlackRock (Scheme Name), as the case may be, and should be crossed Account Payee Only.
 - A separate cheque should be given for each separate investment in a different scheme or plan or option.
 - It is mandatory for NRIs to attach a copy of the payment cheque / FIRC / Debit Certificate to ascertain the repatriation status of the amount invested. NRI Applicants should also clearly tick on account type as NRE or NRO or FCNR to determine the repatriation status of the investment amount. The AMC and the Registrar may ascertain the repatriation status purely based on the details provided in the form under Investment and Payment details and will not be liable for any incorrect information provided by the applicants. Applicants will have to coordinate with their authorized dealers and banks to repatriate the investment amount as and when needed.
 - Third Party Payment Avoidance & additional documents/declaration required: To safeguard the interests of applicant/investors and avoid fraudulent transactions in any other name, the mutual fund does not accept Third Party Payments. A payment towards mutual fund subscription by cheque/DD/RTGS/NEFT or any mode whatsoever is deemed as a Third Party payment, if payment is issued from a bank account other than that of the beneficiary investor. The first holder of the mutual fund folio has to be one of the joint holders of the bank account from which payment is made via cheque/Demand Draft (DD)/Funds transfer/RTGS/NEFT. Therefore, it is important for investors to mention the bank account number, bank name & branch address from where the payment is issued and the same should match with details on payment cheque/document (where applicable).
- Where the payment instrument/advice does not mention the bank account holders name/s, investor should attach bank pass book copy/bank statement/bank letter to substantiate that the first unit holder is one of the joint holders of the bank account. Where a payment is through a DD, a bank certification of bank account and account holders name of the bank account used for DD issuance should be attached, in the required format.
- In specific exceptional situations where Third Party payment is permitted like i. Payment by Parents / Grand-Parents / Related persons on behalf of a minor (other than registered guardian) in consideration of natural love and affection or as gift for value not exceeding Rs 50,000 for each purchase, ii. Payment by an Employer on behalf of Employee under Systematic Investment Plans through Payroll deductions or iii. Custodian on behalf of an FII or a client, KYC of the investor and the KYC of the person making the payment is mandatory irrespective of amount. Additionally, a joint declaration is also required to be submitted.
- The AMC reserves a right to reject the transaction or call for additional details, if payment bank account and other details are not mentioned on the form and/or do not match with payment instrument and/or necessary documents and declaration, as applicable to respective investors and transactions, are not attached or are insufficient. In case the funds are transferred to the mutual fund account prior to the application rejection, then amount transferred may not be refunded or redeemed unless the investor establishes KYC with additional documentation.
- Investors are advised to visit www.dspblackrock.com → Services for more details, including declaration formats or approach any of the offices of the fund.
- Investor are strongly advised to avail Multiple Bank Accounts Registration facility and register their various bank accounts with the fund and avoid submitting additional documents every time.
- Returned cheques are liable not to be presented again for collection, and the accompanying application could also be rejected. In case returned cheques are presented, the necessary charges including returned charges may be debited to the investor.
 - To safeguard the interests of applicant/investors and avoid fraudulent transactions in any other name, it is important for investors to mention the bank account number, bank name & branch address from where the payment instrument or funds transfer is issued and the same should match with details on payment cheque (where applicable). The AMC reserves a right to reject the transaction if such payment details are not mentioned and/or do not match.
5. **Nomination Details**
- Nomination can be made only by individuals applying for / holding Units on their own behalf singly or jointly. Non-individuals (including societies, trusts, bodies corporate, partnership firms, etc.), Karta of Hindu Undivided Families (HUF) and holders of Power of Attorney cannot nominate. Nomination facility is also not available for investments held on behalf of minor.
 - A minor can be nominated, and in that event, the name and address of the guardian of the minor nominee shall be provided by the Unit Holder. Nomination can also be in favour of the Central Government, State Government, a local authority; any person designated by virtue of his/her office, or a religious or charitable trust.
 - The nominee shall not be a trust (other than a religious or charitable trust), society, body corporate, partnership firm, Karta of HUF or a Power of Attorney holder. An NRI can be a nominee, subject to the exchange controls in force from time to time.
 - Nomination in respect of Units stands rescinded upon redemption of the Units.
 - Transfer of Units in favour of a nominee(s) shall be valid discharge by the AMC against the legal heir.
 - Cancellation of nomination can be made only by those individuals who hold Units on their own behalf singly or jointly and who made the original nomination.
 - On cancellation of the nomination, the nomination shall stand rescinded and the AMC shall not be under any obligation to transfer the Units in favour of the nominee(s).
 - The rights in the Units will vest in the nominee(s) only upon the death of all Unit Holders.
 - Nomination can be made in favour of more than one, and upto three individuals. Investors who desire to make nomination in respect of multiple nominees should clearly specify the percentages to be allocated between the nominees. If no percentages are mentioned, nomination will be done equally for all the nominees.
 - Nomination will maintained at the folio or account level and will be applicable for all investments in the folio or account.
 - Where a folio has joint holders, all joint holders should sign the request for nomination, even if the mode of holding is not "joint".
 - A new nomination request will imply simultaneous cancellation of existing nomination and request for fresh nomination.
 - Applicants who do not wish to nominate, must at the designate space confirming their intention on not to nominate, failing which the form may be rejected at the discretion of the AMC/Fund.
6. **Other Facilities / Email Communication**
- Account statements, newsletters, annual reports and other kinds of communication can be sent efficiently via email, as provided for in the application form; hence applicants are encouraged to provide their email address in the application form.
 - Account statements, newsletter, annual reports and other kinds of communication will be sent through email only instead of physical, for investors who provide their email address on the application form. Should they wish to have a hard copy, they are requested to send an email to service@dspblackrock.com.
 - It is deemed that the Unit Holder is aware of all the security risks associated with online communication, including possible third-party interception of documents sent via email.
7. **Declaration & Signatures**
- Signature(s) should be in English or in any of the Indian languages specified in the Eighth Schedule of the Constitution of India.
 - Thumb impressions and signatures in languages not specified in the Eighth Schedule of the Constitution of India should be attested by a magistrate or a Notary Public or a special Executive Magistrate under his/her official seal.
 - Applications by minors should be signed by their guardians. In the case of an HUF, the Karta should sign on behalf of the HUF.
 - Authorised officials should sign the form under their official designation and company seal. A list of specimen signatures of the authorised officials, duly certified and attested, should also be attached to the application form. In the case of a trust fund, a resolution from the trustee(s) authorising such purchase or investment should be submitted.
8. **Trading in Units through Stock Exchange Mechanism**
- This facility enables investors/unit holders to buy and sell the Units of the Scheme through the stock brokers registered with BSE and/or NSE in accordance with the operating guidelines provided by the exchanges. The investors can hold the Units in dematerialized mode in the accounts maintained with their Depository Participants. The investor shall be serviced directly by such stock brokers/Depository Participant. The Fund will not be in a position to accept any request for transactions or service requests in respect of Units bought under this facility in demat mode.
